Course Outline

This package includes these courses
- After Effects Bootcamp (Self-Paced) (18 Hours)
- After Effects Advanced (Self-Paced) (18 Hours)
- After Effects Compositing, Tracking, & Keying (Self-Paced) (18 Hours)

After Effects Bootcamp (Self-Paced)

Learn to create professional motion graphics and visual effects using Adobe After Effects. This course covers animation techniques, text effects, and file integration to help you build engaging video content.

- Animate photos, text, and graphics with ease
- Apply timeless animation principles to craft engaging and dynamic motion graphics
- Gain a clear understanding of the After Effects workflow
- Master key transform properties: position, scale, rotation, and opacity
- Use masks and track mattes to add creative visual effects to your videos
- Seamlessly import and animate Photoshop, Illustrator, and audio files within your projects
- Export high-quality videos using essential render settings and expressions

After Effects Advanced (Self-Paced)

- Work with 3D layers, cameras, and lights to craft dynamic scenes
- Create and animate custom shape layers using the Pen tool
- Design advanced text animations and save presets for reuse
- Streamline animations with expressions and wire parameters for added complexity
- Enhance audio integration by adding markers and applying audio effects

After Effects Compositing, Tracking, & Keying (Self-Paced)

Learn advanced compositing in Adobe After Effects, mastering keying, rotoscoping, and motion tracking. Seamlessly integrate 2D and 3D elements into your video projects with professional precision.

- Master motion tracking using Point Tracker and Mocha AE
- Integrate 2D and 3D graphics with video in After Effects
- Stabilize footage and remove green screen backgrounds
- Create slow-motion and fast-motion effects with time remapping
- Rotoscope footage and apply track mattes for visual effects
- Remove unwanted video elements using Content-Aware Fill
