

# PowerPoint Level II (Self-Paced)

Enhance your slides with animations, take full control of charts and tables, and explore additional techniques to create professional, dynamic presentations, all at your own pace. In this advanced PowerPoint course, you'll learn to build reusable themes and templates using Slide Master to manage the design of entire presentations.

Group classes in Live Online and onsite training is available for this course. For more information, email [onsite@graduateschool.edu](mailto:onsite@graduateschool.edu) or visit: <https://sdfm.graduateschool.edu/courses/self-paced-powerpoint-level-ii>
